Pro Tips from Campout Veterans

- 1 Arrive early. Give yourself about an hour to park, check in, and pitch your tent before the flag ceremony.
- 2 Practice pitching your tent in the backyard first. Much easier in daylight with no audience!
- 3 Label everything with your Scout's name. Every flashlight looks the same at 10 p.m.
- 4 Cell service can be spotty. Share plans with your den before you head out.
- 5 Pack your Scout's bag with them, so they know where everything is.
- 6 Leave No Trace: bag your trash and leave the campsite better than you found it.

Leave at Home

- Video games & tablets
- Valuables & fancy stuff
- Fireworks
- Food in your tent (critters love it!)
